Set up a VPN on Nvidia Shield or Android TV

Install your VPN from the Play Store and set it to connect on start.

1. Open the **Google Play Store** and search for your VPN's name.
2. Choose **Install**, then **Open**.
3. Sign in with your VPN account.
4. Choose **OK** when Android asks to set up a VPN connection.
5. Choose a server in your own country and **Connect**.
6. In the VPN app's settings, turn on **Connect on start** (sometimes called **Auto-connect**).
