Install an app on Nvidia Shield or Android TV

Install from the Google Play Store, or with Downloader for apps that aren't there.

From the Play Store (easiest)

1. Open the **Google Play Store** (or **Apps** → **Search for apps** on Google TV).
2. Search for the app, for example **TiviMate** or **XCIPTV**.
3. Choose **Install**, then **Open**.

If the app isn't in the Play Store

1. Install **Downloader** by AFTVnews from the Play Store.
2. Go to **Settings** → **Device Preferences** → **Security & restrictions** → **Unknown sources**, and turn **Downloader** on.
3. Open Downloader, type the code we give you (`Downloader code`) and choose **Go**.
4. Choose **Install** when it asks.
